**Subject:** FYI: Draft Letter to the Navy (Confidential)  
**Attachments:** Tetra Tech recommendations to Navy Technical Com Inv EPA Draft 2016-12-13\_DKY (2).doc

Hi Rusty and Michele,

I wanted to pass along, as an FYI, the latest communication to the Navy EPA is working on re: the technical and community involvement facets to the Navy's work at Hunter's Point to address the Tetra Tech sampling issue.

As you'll see, one thing EPA requests is there to be a media strategy developed to be implemented concurrently with the Navy's community involvement strategy.

We will make sure to coordinate with you all in the development of said strategy when received.

I will be out of the office starting December 15-January 9, so please contact Jackie in my absence with any questions.

- David
